As a consequence there is little doing in court this week, and business is dragging along in the old way that has marked the proceedings of the court at this place for a year or more.

The remains of little Homer Bolan, mention of whose accidental shooting I made last week, were interred here Friday, the 7th. He has thirty acres of the station ground cultivated in fruits and vegetables, and is spending much time and money in experimenting for the benefit of the orchardists, gardeners and farmers of the State. Dr. Whitten not only knows a great deal about these subjects, but he has the faculty of telling what he knows in a way that is pleasing and easily understood. Among the subjects of which he will treat are "Garden and Orchard;" "Some Fruit Diseases and their Remedies;" "Plant Breeding;" and "Some Lessons from European Agriculture."

Dr. A. J. Detweiler, Bacteriologist of the State Board of Health, is also expected to be present on the second day. Prospect for Better Light.
 The city council at its regular meeting last Monday night granted a twenty years franchise to the Farmington Electric Light and Ice Company, recently purchased by Messrs. Lofttetter & Bendt of St. Louis. The franchise provides for a rewiring of the city, which will be done under the supervision of the Committee on Streets and Alleys and the City Engineer. The council also drew up a five-year contract with the light plant whereby the number of street lights are increased from 58 to 80, and the price on single street lights reduced from \$2.00 to \$1.75 per month. The present owners will spend, including the purchase price of the plant, something over \$10,000 in fitting up the plant for good and reliable service.

If you want a nice gold, silver or any other kind of watch, at the lowest prices, either ladies' or gentlemen's, go to Tetley's Jewelry store.

Somebody's Carelessness.
 The subscribers of THE TIMES along the Bonne Terre railroad route didn't receive their papers last week until Saturday through the carelessness of some one connected with the Post Office at this place or the mail carrier between here and Rock Springs. The paper was held back one day in order to furnish its readers with the official count of the vote, and the sack containing the package for that route was placed in the Farmington Post Office at 8:30 o'clock Friday morning. Numerous complaints came to us over the phone during the day, and we went to the Post Office to make inquiries. The sack containing THE TIMES was still lying on the floor there, and Postmaster Douglas informed us that the Rock Springs mail carrier had neglected to take it along with the other mail for that route in the morning. So the papers laid on the floor of the Post Office here and were not sent out until that night. We are not disposed to find unnecessary fault, for we know that accidents will happen sometimes with the best of care, but it was a little unfortunate that this should have happened just at that particular time.

No matter what you may need in the Shoe line, you can be supplied at Herzog's. His stock is large, well assorted and selected with a care for the needs of all. His prices are right and will please you.

Farmington Wins.
 In the foot-ball game which took place at Jackson Tuesday between the Farmington team and the Jackson Military Academy team, the Farmington boys won by a score of 5 to 0. As we go to press no details of the game are obtainable, but from the score it cannot be doubted that the game was close.

 This is the month of coughs, colds and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night? Then, you should always have handy, a bottle of Ballard's Horehound Syrup. J. A. Anderson, 354 West 5th St. Salt Lake City, writes: "We use Ballard's Horehound Syrup for coughs and colds. It gives immediate relief. We know it's the best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy." 25c, 50c, and \$1 at the City Drug Store.
